Direction (181-185): Study the information and answer the following questions:

A, B, C, D, E, G and I are seven friends who study in three different standards namely 5th, 6th and 7th such that not less than two friends study in the same standard. Each friend also has a different favorite subject namely History, Civics, English, Marathi, Hindi, Maths and Economics but not necessarily in the same order.

A likes Maths and studies in the 5th standard with only one other friend who likes Marathi. I studied with two other friends. Both the friends who study with I like languages (Here languages include only Hindi, Marathi and English). D studies in the 6th standard with only one person and does not like civics. E studies with only one friend. The one who like history does not study in 5th or 6th standard. E does not like languages. C does not like English, Hindi or Civics.
